Lessandra Executive 2 • Molino 4, Bacoor, Cavite 4102 • joshobatay2005@gmail.com • 09690307749

EDUCATION

Polytechnic University of the Philippines
Bachelor of Science in Computer Engineering
Relevant Coursework:

Sta. Mesa, Manila
Expected Graduation: 2028

- Advanced Engineering Mathematics, Computer Hardware, Data Structure and Algorithms, Electronic Circuits, Networking Fundamentals, Operating Systems, Programming Logic and Design

Awards:

- Dept. Quiz Bee (Gen. Info & History) – 2nd place (Dec 2025), 3rd place (Dec 2024)
- Dean's Lister – 1st Year to 2nd Year

Muntinlupa National High School
STEM

Poblacion, Muntinlupa
May 2024

Awards:

- Grade 11 - With Honors
- Grade 12 - With High Honors

EXPERIENCE & TECHNICAL PROJECTS

- **Network Optimization:** Set up a secondary router for multi-floor coverage and fixed 2.4GHz interference to improve signal stability.
- **Hardware Servicing:** Performed deep cleaning and thermal paste application on PC components to prevent overheating and improve performance.
- **System Upgrades:** Improved the speed and lifespan of legacy computers by installing modern SSDs and expanding RAM capacity.
- **Firmware Modification:** Installed custom Android ROMs and jailbroken PlayStation 3 (PS3) systems to unlock features and gain OS control.
- **Hardware Prototyping:** Built circuits on breadboards using transistors, ICs, and Arduinos to create projects like real-time vibration detectors.

LEADERSHIP & ACTIVITIES

Microsoft Student Community - PUP Manila
Member

September 2024 – June 2025

- Attended technical online sessions on PC hardware assembly, networking fundamentals, and Linux administration.
- Participated in introductory training on malware types and digital threats to understand system vulnerabilities.

Cisco NetConnect - PUP Manila
Member

December 2025 - Present

- Participated in workshops covering network architecture, IP addressing, and internet fundamentals.
- Studied industry-standard infrastructure concepts to supplement academic coursework in computer engineering.

SKILLS & INTERESTS

- **Technical Skills:** Hardware Diagnostics & Assembly, Network Cabling (Crimping), Home Router Configuration, Windows 10/11 Deployment, and OS Reformatting
- **Software & Tools:** Arduino IDE, AutoCAD (Architectural Drafting), Git, GitHub, Linux (Ubuntu), Microsoft Office Suite, Windows Command Line
- **Languages:** Fluent in English and Filipino.
- **Interests:** Watching Hardware Performance Benchmarking and PC Building & Assembly contents, Video Games, Listening to Music.
